

Schrodinger's Cat. pet sitting gig  
I'm betwwnn prof engagements.

well handyman in college comm  
and no common sense etc

cat's in the box  
can it breathe in there?

not a scientiic ques

When I leave you open the box. If the cat's  
alive, then you'll find her toys and food  
an litterbox and let her cavort.

If deadm then close the box.

Yoy see right now the cat both dead and alive.

Uh huh.

etc

Money talks, Sh!
